

BRYAN ADDRESSES FRIENDS OF PEACE

Prolonged Applause Greeted
Remark that Wilson Is
Trying to Keep Peace

VOLLMER FOR EMBARGO

Attacks Administration for Per-
mitting Shipments of War
Munitions to Europe

HOLD OPEN AIR MASS MEETING

CHICAGO, Sept. 6.—Prolonged
applause greeted William J. Bryan
during his address before the National
convention of Friends of
Peace here today when he said:

"I want you to be thankful that
this country's president loves peace
and is trying, with every means at
his disposal, to preserve our country's
peace."

Vollmer Attacks Administration.

Shortly before this the delegates
had cheered Congressman Henry
Vollmer of Iowa, again and again
while he attacked the administration
for permitting shipments of war
munitions from America to Europe.

Both spoke at the afternoon ses-
sion, the concluding business meet-
ing of the convention.

Before adjourning the convention
instructed its officers to make known
to President Wilson and congress the
purpose of the Friends of Peace as
embodied in resolutions adopted at
the morning session. The resolu-
tions which were styled "a new de-
claration of independence," made no
formal demand for an embargo on
munitions of war.

German-American Embraces Anglo-
American.

The best applause-producing inci-
dent of the convention took place at
the afternoon session when Jeremiah
A. O'Leary, of New York, one of the
speakers, called Rev. G. C. Berke-
meier, a German-American delegate
and Rev. J. H. S. Somerville, an
Anglo-American delegate to the
speakers' stand and requested them
to clasp hands as a visible refutation
of charges that the convention was
a pro-German gathering.

Rev. Berkeimer, a Lutheran min-
ister, clasped Rev. Somerville, an Epis-
copalian rector, in his arms and kiss-
ed him on both cheeks, while the
audience burst into frantic applause.
Mr. Bryan confined his address to
a discussion of the ethics of warfare,
the necessity as he described it, of
the United States keeping out of the
present trouble and of the duties of
citizens in doing all in their power
not to endanger the country's peace.
In part he said:

Officials Often Misrepresented.

"We must not be too hasty to cri-
ticize those in official positions, who
as I know from experience, are of-
ten misrepresented and misunder-
stood."

"I think the president has not al-
ways been given full credit for his
efforts to preserve peace. You will
recall that when I resigned from the
cabinet I said that the president and
I did not differ in our desire to main-
tain peace but only as to the means
to the end."

"It behooves all of us to main-
tain tolerance and charity in the
movement for peace and to invite
co-operation from all."
"This war proves that prepared-
ness is not a preventive of war. I
have been speaking and traveling in
the central states of the upper Missis-
sippi valley and from what I hear
I believe the people do not want
war. You can't make the people pre-
pare for war until you can convince
them this country is about to be in-
vaded."

"I want to warn you you can't
transplant to America, the hatreds
that are vexing Europe unless you
are prepared to eat of the fruit of
the tree."

"If the dogs of war must fight in
Europe, let them fight. But let us
avoid hydrophobia in this country."

One Side Cannot Annihilate the Other

"It will be impossible for one side
in the European conflict to annihi-
late the other as has been sug-
gested. One side cannot dictate per-
manent terms of settlement to an-
other. They must get together and
they might as well do it at once."

"If we ever have war I demand
that the jingo editors of this country
make up the front line of battle."

"There is a difference between
one's rights and one's duty. Some-
times it is a citizen's duty not to
exercise his rights. Citizens should
keep out of the danger zone of the
European conflict."

"America must remain neutral so
as to preserve the useful task of me-
diation for herself after the war is
over."

Vollmer Stands for Embargo.

Congressman Vollmer in his ad-
dress recalled the fact that he had
helped to introduce in congress an
act providing for an embargo on
shipments of munitions abroad. He
said he still stood for the act and
that, far from being unneutral, as its

MENACE TO RIGA IS BECOMING MORE SERIOUS

GERMANS STILL HOLD BRIDGEHEAD
POSITION AT FRIEDRICHSTADT

Occupation Effectively Cuts Off
Riga's Railway Communication to
the South—Artillery Duel in the
West Goes on Unabated.

London, Sept. 6.—The menace to
Riga, an important Russian seaport
in the Baltic is becoming more and
more serious. The Germans still
hold the bridgehead at Friedrichs-
stadt, the occupation of which effec-
tively cuts off Riga's railway com-
munication to the south while Ger-
man aircraft are active in the gulf,
perhaps presaging another naval
clash as part of a concerted Ger-
man movement from land and sea to
complete the isolation of the city and
force its abandonment by the Russians.

According to an unofficial Berlin
dispatch received by way of Copen-
hagen, the Germans claim possession
of the gulf, the Russians having
abandoned Dagoe the northernmost
of the three islands just outside the
gulf.

Today's Berlin official communi-
cation lays no claim to further progress
by Field Marshal Von Hinden-
burg from the Baltic to Grodno, but
thence southward the armies of
Prince Leopold and Field Marshal
Von Mackensen are said to be mov-
ing forward while the Austrian official
statement covering the battle
line further south and east records
nothing but Teutonic gains.

The great artillery duel in the
west goes on unabated with the
French and British the aggressors.
The fact that it has continued for a
fortnight unabated leads to the belief
in some quarters that it may mean
preparation for an allied offen-
sive before the approach of cold
weather. The lavish use of shells
by the French would seem to indi-
cate some great undertaking but the
plan is not yet apparent to the general
public.

GOMPERS ADDRESSES LABOR DAY GATHERING AT MARION

Announces He Will Go to Chicago
Wednesday "to Speak on That
Damnable Attempt to Crush the
Teachers' Union."

Marion, Ill., Sept. 6.—Samuel
Gompers, president of the American
Federation of Labor declared today:
"Next Wednesday I will go to
Chicago to speak on that damnable
attempt to crush the Teachers'
Union. That attempt will die and
the spirit of liberty will live. I will
also say a few words there on legisla-
tion and the injunction."

In his address to a huge Labor
Day gathering, Mr. Gompers dwelt
chiefly on the conditions of the la-
boring man but he also took occa-
sion to plead the cause of women's
suffrage and international peace.
He concluded with a plea to "unite
with President Wilson for world-
wide peace and the brotherhood of
man."

He referred to John R. Lawson
as a wronged man and said all chil-
dren should be taken out of the mills
and mines.

Great labor victories, Mr. Gompers
said, are won in two ways—"first
by great preparedness; second, by
arousing pity when the need is
great."

"Better working conditions bring
peace and growth," he declared,
"and on this Labor Day it is crim-
inal to overlook the achievements of
trade unions."

DEVELOPS NEW PROCESS FOR MAKING STEEL

Berlin, Sept. 6.—via wireless to
Saville.—"In closing a series of ar-
ticles on Germany seen through Aus-
trian eyes, the Austrian poet, Rudolf
Hans Barisch gives a vivid descrip-
tion of the Krupp plant at Essen,"
says the Overseas News Agency "in
which the fact is disclosed that the
firm has developed a process for
making steel absolutely immune to
rust and even to the action of nitric
acid."

TO INVESTIGATE WAGE QUESTION.

Washington, Sept. 6.—After a con-
ference with President Wilson today,
Secretary Daniels announced that in
view of the changed conditions in
private munitions plants a board
would be appointed immediately to
investigate the wage question at the
gun factory of the Washington navy
yard. When the Secretary recently
refused to raise the pay of machinists
employed at the yard before the regu-
lar readjustment in December, a
committee of the men appealed to the
president.

opponents had charged, the country
could not honestly be neutral with-
out it.

"To be neutral," said Mr. Voll-
mer, "is not to pretend to be will-
ing to help both sides when we are
perfectly aware that one side cannot
get our help. This is what our
worthy president once called 'paper
neutrality' in the case of Mexico.
Why cannot he say it that way in
the case of Germany?"

In the eyes of official Washington
Mexican culture must be regarded as
superior to German culture; at least
it gets a fond preference in our for-
eign policy."

The convention held an open air
mass meeting tonight.

TWENTY-FIVE STILL UNACCOUNTED FOR

Figures Bring Hesperian's
Probable Death List
Up to Twenty-Six

SUSPEND JUDGMENT

Monday's Advices Leave Wait-
ing Attitude of the Ameri-
can Government Unchanged

REPORTS ADD FEW DETAILS

QUEENSTOWN, Sept. 6.—Six sec-
ond cabin passengers, six third cab-
in passengers and thirteen of the
crew of the Steamer Hesperian, cor-
pedoed 150 miles off Queenstown
Saturday evening, were unaccounted
for tonight, according to the revised
official figures issued by the Allan
line. This brings the probable death
list, including Miss Carberry, of St.
Johns, N. F., whose body is here up
to twenty-six.

Captain Declines to Comment.

The captain of the stricken liner
remained by his ship until it sank.
He declined to comment on the dis-
aster hence the official statement as
to whether he believes his ship was
the victim of a torpedo or a mine
must come from the admiralty, al-
though the captain is quoted as hav-
ing told an Allen line official today
that the Hesperian was torpedoed.

Most of the survivors will leave
Queenstown tomorrow by special
train and boat for Liverpool.

Captain Main and the officers who
remained aboard the steamer, while
efforts were being made to tow the
liner to port were able to save some
of their effects before the ship plun-
ged to the bottom 78 miles southwest
of Fastnet, not far from the scene of
the attack, taking with her 3,540
bags of mail, much of it originating
in neutral countries.

Attitude Is Unchanged.

Washington, Sept. 6.—Nothing in
today's advices regarding the sink-
ing of the Allan line Hesperian serv-
ed to change the waiting attitude of
the American government. Judgment
is suspended pending complete in-
formation and in spite of the state-
ment of the Hesperian's captain that
his ship was the victim of a torpe-
do and had no warning, high offi-
cials here are not disposed to ques-
tion the good faith of recent unquali-
fied assurances from the German
government that her submarine
commanders had been ordered to at-
tack no more liners without warn-
ing. Reports during the day from
Ambassador Page at London added
few details to the story told in the
telegram in which Consul Frost at
Queenstown last night announced
that the vessel had been torpedoed.
The consul's statement that the ship
carried on her stern a 4-7 inch gun
went unmentioned, though the Allan
line officials have asserted that she
had no gun when she left Montreal.

Expect Word From Berlin.

News that the Hesperian had
foundered while being conveyed to-
ward Queenstown dissipated the
hope that an examination of her
hull might prove beyond a doubt the
nature of the wrecking explosion.
The fact that the vessel was struck
forward when well outside the zone
in which the German submarines
usually operate, has caused some
veteran naval officers here to ad-
vance the theory that she struck a
drifting mine. It is pointed out that
Consul Frost reported that while
the British admiralty believed the
ship was torpedoed without warn-
ing there had been no official an-
nouncement to that effect and that
none of the accounts of the disaster
speak of a submarine being sighted.
This being Labor day all the gov-
ernment departments were closed.
President Wilson and Secretary Lan-
sing received copies of Ambassador
Page's dispatches, however, and read
carefully all newspaper reports from
London and Queenstown. It is un-
derstood that they think some word
will come from Berlin as soon as it
is possible for the German govern-
ment to determine whether one of
its U-boats was responsible for the
attack and if so under what circum-
stances.

WAUGH DEFEATS NELSON.

Juarez, Mex., Sept. 6.—Bobby
Vaughn, of Dallas, Texas, was award-
ed the decision over Battling Nel-
son, former light-weight champion,
at the end of twenty-round bout to-
night.

The fight was fast throughout Nel-
son showing all his old time ability
to assimilate punishment, but lack-
ing both steam and cleverness to cope
with his younger and more agile op-
ponent.

HURRICANE LEAVES ONLY FOURTEEN BUILDINGS STANDING

Mobile, Ala., Sept. 6.—All but
fourteen of the 800 buildings on the
island of Cayman Brac, the smallest
of the Cayman group in the Carib-
bean sea, were destroyed by the hur-
ricane of last month, according to
mail advices received here today. On-
ly one person, a child, was killed,
the report said.

SEC. LANSING GRANTS INTERVIEW TO DUMBA

AUSTRIAN AMBASSADOR WILL CALL
AT STATE DEPARTMENT TODAY

Diplomat Wishes to Discuss Reports
That He Took Part in Movement to
Interfere With Production of War
Materials in United States.

Washington, Sept. 6.—Secretary
Lansing has granted an interview at
the state department tomorrow to Dr.
Constantin Theodor Dumba, the Aus-
tro-Hungarian ambassador who de-
sires to discuss published reports that
he has taken part in a movement to
interfere with the production of war
materials in the United States. Am-
bassador Dumba's request for a con-
ference reached Mr. Lansing late to-
day. It is understood here that he
wishes to make an explanation re-
garding despatches sent by him to
the foreign office at Vienna and seized
by British authorities from James
F. J. Archibald, an American war
correspondent who was acting as a
messenger.

These despatches, which are said
to reveal that the ambassador sug-
gested plans for handicapping munitions
plants and had undertaken to
warn Austro-Hungarian subjects that
they were violating the criminal code
of their native land by accepting em-
ployment in American establishments
making war supplies for the allies,
are declared to have raised a sub-
ject for which there is no precedent
in American diplomacy. The ques-
tion of dual citizenship, long dispu-
ted between this government and
several European powers is involved
and, because of this, the matter will
be approached when Ambassador
Dumba arrives without prejudice. Of-
ficials doubt that there has been any
violation of law. As to whether there
has been a breach of diplomatic prop-
riety or international ethics, Sec-
retary Lansing must decide after he
has heard the Austrian ambassa-
dor's statement.

Copies of papers taken from Ar-
chibald in London have been for-
warded to the state department by
Ambassador Page.

They had not reached here tonight
but it was understood that Dr. Dumba
would take copies with him when he
called at the state department.

TWELVE YEAR OLD GIRL FRUSTRATES ATTEMPT TO WRECK PASSENGER

CHICAGO, Sept. 6.—Esther Kuz-
poeor, 12 years old, tonight frustrated
what is believed by authorities
to have been an attempt to wreck a
northbound passenger train on the
Chicago, Milwaukee & St. Paul rail-
road. She seized the fuses attached
to two sticks of dynamite which had
been placed upon the track and
carried them to the risk of her own
life to the weeds beside the track
and extinguished them. After re-
moving the dynamite the girl notified
the authorities of the supposed
attempt to wreck the train and gave
the police the description of three
youths whom she said she had seen
running from the spot just before she
discovered the dynamite. Three boys
have been arrested and are being
held. The police say the girl had
identified them.

JOLIET PRISONERS WITNESS PRIZE FIGHT IN PRISON YARD

Dunne's Telegram That Bout Is to
Be Eliminated from Labor Day
Program Arrives Too Late.

Joliet, Ill., Sept. 6.—Labor Day
was a real holiday for the hundreds
of inmates in the penitentiary. For-
getting the walls and bars which cut
them off from the outside world the
convicts stood up and howled with
glee while two pugilists pummeled
each other in a regulation ring in
the prison yard.

In Chicago Governor Dunne be-
came incensed when he learned that
the boxing bouts were in prospect.
He telegraphed to the warden that
the festive feature of the program was
wrong and must be eliminated. The
telegram however, arrived too late as
the two bouts scheduled were over
and the convicts had had their fun.

JUSTICE KNOWLES IS SHOT TO DEATH NEAR HIS SUMMER HOME

PROVIDENCE, R. I., Sept. 6.—
William S. Knowles, for the past
seven years justice of the eighth dis-
trict court was shot to death near
his summer home in North Scituate
today. The assassin, who fired from
bushes by the road side escaped. To-
night the police were searching for
a man who formerly accompanied the
justice on hunting expeditions in the
hope that he may throw some
light on the personal affairs of the
dead man that will suggest a motive
for the killing.

SHERMAN SPEAKS AT RALLY.

Chicago, Sept. 6.—Senator Law-
rence Y. Sherman was the principal
speaker here today at a Republican
rally. Declaring that preparedness
for war was indispensable Senator
Sherman said to delay was "to invite
lawless aggression from nations that
yet worship the gods of war and
brutal might."

Many aspirants for state offices
were on hand, all the speakers urg-
ing support of Sherman's candidacy
for president.

CARRANZA SENDS EMPHATIC DENIAL

States His Troops Have
Taken No Part in Recent
Border Disturbances

URGES INVESTIGATION

Arredondo Intimates Trouble
Along Texas Border Was In-
stiguated By Americans

NAFARRATE DENIES SHOOTING

WASHINGTON, Sept. 6.—General
Carranza today sent an emphatic
denial from Vera Cruz to Eliso Ar-
redondo his Washington representative
that Carranza troops had taken any
part in the recent disturbances along
the Texas border. Mr. Arredondo, in
making public his chief's despatch,
urged that the United States govern-
ment inquire carefully into the or-
igin of the border trouble, intimat-
ing that they were instigated by Americans.

"I have issued instructions to Gen-
eral Nafarrate," read General Car-
ranza's telegram, "to avoid ener-
getically any act that may cause any
international complications on the
border. Deny emphatically that our
troops have taken part in the dis-
turbances of Texas or that they al-
low the organization of such bands
of disturbers."

Arredondo Adds Comment.

Arredondo added this comment:
"If the American government makes
a careful investigation it will become
convinced that such bands who are
making trouble on the border have
other origin and are directed by
people who have no connection what-
ever with the constitutional govern-
ment and who reside under the juris-
diction of the authorities of this
country."

General Funston's despatches to
the war department during the day,
forwarding reports from Brownsville,
indicated that Carranza soldiers had
been firing across the border, but ex-
plained that General Nafarrate had
disavowed the shooting and offered
to co-operate in preventing further
disturbances. It was presumed here
that General Carranza's instructions
to his commander at Matamoros had
been sent subsequent to recent dis-
turbances.

Nafarrate Requests More Troops.

Brownsville, Texas, Sept. 6.—Gen-
eral E. P. Nafarrate commanding the
Carranza forces along the Texas bor-
der tonight was awaiting a reply to
his request for more troops to enable
him to comply with General Carran-
za's order to maintain strict neutral-
ity in the embroglio between Ameri-
can authorities and so-called Texas
revolutionists. After making the
statement that he had been ordered
to take no sides in the trouble along
the Rio Grande, General Nafarrate
asserted that he was positive none of
his troops had engaged in any of the
fights across the international bound-
ary.

"We have received orders from
first chief Carranza to observe strict
neutrality," he said, "and not to help
in any way the Texas revolutionists.
Unfriendly reports have said several
times that our men have crossed to
the Texas side to fight, that is wrong
because our review the first of the
month shows no man missing."

Desires to Co-operate with Americans

General Nafarrate said he desired
to co-operate with the American mil-
itary authorities.

For the first time in several days
there was no fighting reported today
by the various army patrols. Major
W. H. Hay, chief of staff for Major
General Funston, made a trip along
the border above here today. It was
believed the trip contemplated im-
portant disposition of troops the bet-
ter to handle the situation.

In his statement tonight General Nafarrate
also said that he had given orders
several times to the Carranza officers
not to fire across the border at Ameri-
cans.

"We have given orders to our of-
ficers," he said, "not once but three
times not to fire upon American
troops even if they fire upon us."

"Two days ago we received a tele-
gram that at Cavazos Crossing, Tex-
as Rangers and Sheriff Baker's men
came to the American side of the river
and fired on our troops, killing
two civilians and wounding one Car-
ranza officer. This officer did not
order his men to return the fire, but
instead to retire immediately from
the river bank. He had orders not
to shoot and he did not shoot."

Believes Outlaws are in Texas.

"Colonel Robert L. Ballard in com-
mand of the American troops has the
best of intentions and I desire to
co-operate with him to prevent trou-
ble. We believe that there is a party
of outlaws on the Texas side that has
been firing at American soldiers and
at the same time, shooting at Mexi-
can soldiers so as to start a battle.
They have taken advantage of troops
made by the river bends, enabling
them to create confusion as to wheth-
er the shots first came from the Am-

TAFT FLAYS GOVERNOR OF THE PHILIPPINES

TERMS HARRISON A "TAMMANY CON-
GRESSMAN OF LONG STANDING"

Declares Policy Now Being Pursued
Is Likely to Command Attention
of U. S. in Much the Same Manner
as the Present Mexican Situation.

San Francisco, Sept. 6.—Severe
criticism of the administration of the
Philippines by Governor General Har-
rison was voiced today by William
H. Taft in an address before the
Commonwealth Club of California.
Mr. Taft himself a former governor-
general of the Philippines, spoke on
"The duty of the United States in the
Philippines."

Knows Nothing About Islands.

Mr. Taft said that Governor Har-
rison, whom he designated as a
"Tammany congressman of long
standing," knew nothing about the
Philippines, their people or their
problem and that his first act in of-
fice was to place himself under the
virtual control of Manuel Quezon, a
delegate to congress from the island
and "a Filipino politician of not the
highest standing in the Philippines."

The wholesale removal of "import-
ant, able and experienced American
officials of government to make
room for Filipinos, was decided upon
by Governor Harrison," said Mr.
Taft, after counsel with Quezon and
Mr. Osmena, the speaker of the na-
tional assembly. In general the
Philippine situation is such, Mr. Taft
said, that a continuation of the policy
now being pursued in islands, event-
ually might demand the attention of
the American government in much
the same manner as the present Mexi-
can situation.

Would Complete Work of "Deterioration."

The passage of the Jones' bill,
whose chief purpose Mr. Taft said
was to make a declaration that the
United States intended to give up the
islands to an independent Philippine
government, when a stable govern-
ment is established would make
work of "deterioration" complete.

"What is the use of fooling the
Filipinos by such a declaration?"
he asked.

"I am in favor of turning the
islands over to their people when
they are fitted for self government
but this will not be for generations
—until the youth of the islands are
educated in English and until the
present pernicious lack of self re-
straint and sacrifice of public well
to political pelf and preferment are
cured by a longer training in par-
tial self government."

Speaks of Mexican Situation.

Immediate developments in the
Mexican situation claimed Mr. Taft's
attention for a moment.

"Our policy of so-called but mis-
called watchful waiting has dragged
on greatly to the detriment of all
concerned," he said. "Now the an-
archy for which we are in part re-
sponsible has developed raids into
the United States and the killing of
our people with the very weapons
of war which our unwise lifting of
the embargo against the importation
of arms into Mexico furnished our as-
sailants."

"I only refer to our Mexican policy
by way of illustration in warning you
that the policy now being pursued in
the Philippines of which we hear
little in the noise and excitement of
the European war is in the end likely
to return to plague us and demand
our attention much as Mexican af-
fairs are thrusting themselves upon
us now."

Hissar has been sunk in the Sea of

Col. Thompson's Big Task.

Mayor Thompson, of Chicago, undertook a big task when he managed to settle the street car strike. Then another big task appeared to engage his efforts when the builders' strike tied up operations in the city. But now their remains the biggest job of all for the mayor has just thrown down the gauntlet to the Chicago Teachers' federation and has declared that the teachers of the city schools must get out of the union. It remains to be seen whether or not this will be the mayor's Waterloo for he has certainly started a battle with powerful forces. The mayor and various members of the board of education say that the interests of the schools demand that the teachers get away from organized labor. They maintain that participation in union affairs on the part of the teachers has resulted in insubordination and in the teachers devoting too much time to politics.

Republicans Optimistic.

According to the dispatches there was a great Republican powwow at Riverview park in Chicago Monday. It was Republican day and thousands were in attendance from Cook county and surrounding territory. The list included a large number of candidates and near-candidates for nomination at the coming election. Senator Sherman made an address and among the prominent possibilities for the governorship nomination were Andrew Russell, of this city, and Frank L. Smith, of Dwight. Col. Lowden is away just now and unable to attend, as was Mayor Thompson. Edward Brundage, who still seems to be in leadership of quite a strong faction of Chicago Republicans, was prominent in the gathering, and the feeling was very apparent that leaders believe that the party is again coming into its own in 1916. But there was little to indicate just "who is who" in the matter of strength.

The Deficit Worries.

The steadily increasing deficit is an occasion of serious anxiety to the White House. Since July 1st Uncle Sams' expenses have exceeded his receipts by \$28,600,000. During the same period of last year, the excess was only \$15,600,000. Competent experts are convinced that without special taxation the expenses for the year will exceed the receipts by \$100,000,000. Secretary McAdoo says he is not worrying. "There is no country on the globe more able to pay more taxes than the United States, if our expenses are to be increased," he said yesterday, on his return from his vacation in Maine. But the President and others of his advisers are worrying because they realize that the imposition of further taxes will make the Administration unpopular. The experts believe the Administration will have to sell bonds to make good this deficit, even without any increased expenditures for national defense. While the failure of the Underwood bill as a revenue producer is largely responsible for the serious condition of the Treasury, another potent cause is the reckless extravagance with which the Democrats have been spending money for junkets, special commissions, etc. One of these commissions is described as having been so reckless in placing contracts that one man, an expert accountant and a worthy Democrat, is making \$100 a day net profit on his contract.

Jane Addams' Great Influence.

Among other notable birthdays observed Monday was that of Jane Addams, of Chicago. Miss Addams, who is fifty-five years of age, has been prominent for more than twenty-five years in philanthropic work. To speak more properly she is classed as a sociologist rather than a philanthropist. She is an Illinois product, was born at Cedarville, studied at Rockford college and later in Philadelphia and Europe. It was not long after finishing her education that she became interested in settlement work and it was in 1889 that she established Hull House, which has served as a model for settlement work in a vast number of American cities and has also furnished the basis for similar work in foreign countries.

Miss Addams has done notable work as a lecturer and writer on political and social reform and is one of the few workers who have remained long at the task, accomplished great things and met with universal commendation. Her methods, while so aggressive, have seemingly been characterized by such wonderful judgment and tact that she has escaped arousing the opposition which so many workers with good intentions do. Although Miss Addams has accomplished so much the indications are that her work is by no means finished and she has a great influence in Chicago, the second city in the land, and nationally as well.

A Monument to Douglas.

While a great many Jacksonville people are familiar with the fact

that Stephen A. Douglas was a Jacksonville resident for a time and as a young man began the practice of law here, it is very likely true that not enough recognition has been given to that fact. The statement made by Congressman Rainey with reference to his intention to push a movement to secure the erection of a fitting memorial for Douglas here is therefore timely.

Mr. Rainey according to his statement will introduce a bill in congress for this purpose at the session which convenes in December. While the ability of Douglas was recognized in his own day, succeeding years have added lustre to his name and those who are familiar with the history of this country, especially with reference to the preservation of the union, cannot but be impressed not only with the ability of the man but his marked loyalty and patriotism. He added to his great reputation the honor by his part in the famous Lincoln-Douglas debates and while Lincoln is credited with first honors in the famous debates, no one has ever questioned the wonderful oratory and logic which the "Little Giant" displayed in those eventful days.

But it was later on as an ardent supporter of President Lincoln, whom he had previously opposed, that the strength of character and the great ability of Douglas were displayed. At the time of the country's need—of Lincoln's need—he was a forceful ally. It will be a fitting thing, indeed, that a memorial be erected in his honor, and the people of Jacksonville and Morgan county will feel that they, too, have been honored by selecting this as the location for such a testimonial.

W. J. Leach writes this prayer in the columns of the Peoria Journal.

It's a petition which breathes of devotion to duty and presents a high ideal of service to God and man. God bless all laborers today. As working, each in his own way. We build about us in the earth. May all that we shall build have worth.

And may we follow some great plan That shall make each a better man. The while he works out his own task. This is the blessing we would ask. Show us a pattern big and strong. Then let the day be light and long. So that our work, at last, shall be Pleasing and fit, O God, to thee. Save us from every selfish sin. May thought of brotherhood come in. To every task or thought or plan That challenges the strength of man. And may there be, in all the earth, Of honest work, no stint or dearth. May opportunity fling wide Her splendid gates, on every side: There, may a guardian angel stand With flaming sword in his strong hand. That each may this stern message meet: "Who works not, neither shall he eat."

WOMEN IN THE NEWS.

Boston—News that Mme. Katherine Breshkovskaya, the "Little Grandmother of the Russian Revolutionists" has been exiled to the Arctic wilds by the Czar is contained in a letter received by Miss Alice Stone Blackwell. The torture of a nearly blind, tottering old woman will be far greater, and this "peril" of the Czar will be far safer away up near the North Pole. She is condemned to close her days at Yakutsk, in Siberia, a wretched village of 15 huts and a Cossack patrol, far up in the Arctic Circle, where the cold often reaches 50 degrees below zero. Although 70 years old, her revolutionary spirit is unbroken, she writes. She can just see enough to sew and write. There is no hate in her heart as she accepts this final exile in the frozen north. Ten years ago this famous woman visited America and met Julia Ward Howe and Jane Addams with other notable women. She stood in famous Faneuil Hall and was cheered to the echo. Twice she has escaped from exile, only to be again caught. She is happy in the thought that she has induced better conditions for the Serfs of Russia, and believes a new era has set in in her native land.

Newark, N. J.—With the arrival today of the Boston spellbinders, Mrs. Robert Gould Shaw, Mrs. Susan Walker Fitz-Gerald and Miss Margaret Foley, the suffragist campaign to win the state for "Votes for Women" is fairly under way. Others who are taking part in the speaking campaign are Mrs. Desha Breckinridge of Kentucky, a grand-daughter of Henry Clay, Miss Helen Todd of California, Miss Anne Martin of Montana and Rabbi Stephen S. Wise of New York. If oratory will win the battle, the suffragists will stand a good chance in the balloting next month. The Boston women arrive in New York today by auto, and will begin the tour of New Jersey at once. San Francisco—Mrs. George T. Marye, wife of the U. S. Ambassador to Russia, will leave here today to return to Petrograd and take up again her work of nursing in the Russian field hospitals. Mrs. Marye has recovered from a physical breakdown caused by her long hours of voluntary work in Russia.

Seattle—"Mother" Mary Jones, whose aggressive championing of the cause of the coal miners of the country has made her famous, will attempt to bring better conditions for the workers in the shingle and saw mills of the lumber camps. Although 84 years old, she will begin her new campaign here next month. She is completing a tour of the West addressing labor meetings to arouse interest in the case of John Lawson, the Colorado miners' leader, who was sentenced for life in connection with a mine riot during the recent strike. "Mother" Jones will be giving a rousing welcome to the North-west.

ARMAND'S PERFECT COMPLEXION POWDER

This is the MOST REMARKABLE POWDER we have ever sold. It has been sold in America only a short time.

It is a powder that can be mixed with water and applied as a liquid for evening wear. IT DOES NOT SHOW. It stays on until you wash it off. It contains no rice to enlarge the pores, no chalk to dry the skin, nor any lead to make black heads.

ARMAND'S POWDER IS LUXURIOUS, its texture is soft and very creamy, its perfume is exquisite, delicate and persistent. Armand's Face Powder is not expensive. Because of its extreme fineness a very little spreads much further than any other. ALL TINTS AND ONLY 50c A BOX.

DEDICATED M. E. CHURCH.

Dr. F. M. Rule was at New City, a small inland village, 16 miles southeast of Springfield, on Sunday and preached the dedicatory service for the new Methodist parsonage which was just completed. The services were also for the re-dedication of the church which had recently been renovated and made to look like new. There was an indebtedness on the parsonage of \$1,300, and this amount was heartily subscribed by the enthusiastic worshippers and members of the church. Dr. Rule had charge of the raising of the finances and the result of his efforts showed that he had a good understanding of such matters.

LABOR DAY OBSERVED WITH FINE PROGRAM

HENRY T. RAINEY LAUDS RECORDS OF FAMOUS MEN JACKSONVILLE HAS KNOWN.

Monument Here to Stephen A. Douglas Is Proposed—Congressman Will Present Bill to Provide Fund—Athletic Sports and Varied Program Made Day One of Great Interest and Enjoyment—Plans for Day Well Made.

The most successful observance of Labor day in Jacksonville for many years took place at Nichols park Monday. The arrangements for the day had been ample, and as the weather was propitious a very large crowd was in attendance. The fact that the rural mail carriers had such an active part in the preparations had a tendency to increase rural interest in the day's proceedings, and the throng in attendance from Jacksonville was largely augmented from the country.

Congressman Rainey's address, in which he lauded a number of prominent men who have at one time or another been citizens of Jacksonville, laying special emphasis upon the record of Stephen A. Douglas, was heard with interest. The band concert, the athletic events, the picnic dinner, the burgo, the ball game and other details of the day made it one long to be remembered. Certainly the committees which arranged for the day did their work well. The carriers' soup was all that could be asked, except in quantity for it was truly a great success. Richard Lake was the one in charge and he worked till morning and then, being called to the funeral of a relative he left the kettles steaming with the savory compound in the hands of his son Alfred, who had for special assistants J. S. Peckham and George Zeppenfeld.

The general committee of arrangements was: Alfred Lake, chairman, Frank Bourn and Herman Ellis. They had ten kettles and made between six hundred and seven hundred gallons of the savory compound and seeing it in the morning one would have supposed they wouldn't sell nearly all of it but they ran out long before all had had enough. Picnic parties bought it by full families sent for it and throngs ate it in the refreshment pavilion and annex the greater part of the day. The service was good and prompt and the bill of fare all right. There was a great variety of ingredients including fifty soup boules, sixty ox tails, 130 chickens, eight bushels potatoes, six bushels tomatoes, 2-1/2 bushels onions, 45 pounds of beans, seven bushels green corn, 35 pigeons, several squirrels, a lot of macaroni, seasoning, etc. Work began at 7 p. m. Sunday and the boiling was kept up all night.

The carriers and wives present were: From Murrayville, Mr. and Mrs. Arthur Seymour, S. W. Hedden and wife, Mr. and Mrs. C. N. Wright, Mr. and Mrs. Fred Simpson. From Manchester, Mr. and Mrs. George Lemon. From Woodson, Mr. and Mrs. Lloyd Darwent. From Franklin, Mr. and Mrs. Frank Reed, Mr. and Mrs. Charles Cussins and Lee Meredith. Mrs. A. R. Lake was head waiter and among her assistants were Edward Elmore, Herman Ellis, Frank Bourn, W. A. Mason, T. S. Wiseman, Alfred Lake, Ernest Sibert, and J. H. Grade. These were the city carriers and Robert Lorton also added his valuable services.

The throng of customers was so great that many more were pressed into duty till the soup was gone. There were also sandwiches so that people had no occasion to go hungry and it is hard to see how they could well have made more soup. The refreshment part of the program was surely a success and the new eating pavilion came in good time and was a grand convenience though they stretched an awning to the west of it and almost doubled the capacity for table room and still the people often had to wait a little so great was the throng wanting some of the excellent production.

The carriers wish to thank the city carriers and clerks for valuable assistance in many ways. The address of Hon. Henry T. Rainey was a fine effort. The very small amount of noise in the crowd was a fine compliment to the speaker. He was introduced with complimentary words by Mayor Henry J. Rodgers and said in part: "I desire to thank the committee for the opportunity to address you today. A thousand cities all over the land are celebrating this day in response to a demand that labor be suitably honored and the standards of life be elevated. The history of labor organizations and guilds goes back for centuries. The men who knew how to work came to this part of the land years ago with songs which thrilled the soul. The Puritans from the north and the cavaliers from the south met and mingled here; they came by boat and ox wagons. Here they met, labored lived and died. The song of Illinois reached even to Vermont and brought men from that state. The cavaliers from Kentucky, the Puritans from the east here merged in one great commonwealth.

Some Eminent Names. "From the Green Mountain state came Stephen A. Douglas to do such great things for his adopted commonwealth; to a neighboring county came a man from Kentucky, Abraham Lincoln; both studied law; both were admitted to the bar, both went to the state legislature and congress; they were rivals for a seat in the U. S.

senate and for the presidency. Lincoln, the man from the south was allied with the party that found its adherents mostly in the north and Douglas from Vermont espoused the cause of the party strongest in the south. Both were loyal to the union; Douglas died at the beginning and Lincoln fell just at its close.

"At Springfield is erected to the memory of Lincoln a shaft of granite from Douglas' native state.

"Jacksonville has produced many eminent men, Col. John J. Hardin raised his regiment in this vicinity and fell in the battle of Buena Vista. Here lived Ben F. Grierson who did heroic work in the great war; Murray McConnell was a man of great ability and a valuable friend to Douglas. The new hotel here would well be named the Douglas for I have ever felt that this place, this region, this state and nation have not sufficiently honored the memory of that man and in the corridor of the new hotel should be a bronze statue of the great statesman. It is my intention to introduce in congress a bill for a monument to Douglas in this city where he began his life work, and the time will come when Jacksonville's greatest citizen will be duly honored here and in the state and nation.

"We are all interested in labor for it is the bulwark of civilization. The Lafayette Anniversary.

"This is the 158th anniversary of the birth of Gen. Lafayette who gave such valuable services to this country when it was fighting for freedom and declined any compensation. The anniversary of labor day goes much farther back. Kings and nobles recognized and respected labor guilds. They have ever stood for better standards of living. In 1868 in Manchester, England the call went out for a grand gathering of labor organizations to discuss what they should try to accomplish. They are still fighting for their rights; picketing, better hours, better sanitary conditions, establishing courts of counsel and arbitration.

"Labor organizations are newer in this land. For many years we had the land vent. If a man wasn't satisfied to work in a factory the government would give him a farm. A little more than ten years ago a long line of men stood on the border of a new territory waiting for the word to go in and claim homes. The word was given and in they rushed and in a day Oklahoma was settled with banks, stores and all the accessories of civilization and now we have little land left and much of it is not good.

The Federation of Labor.

"The result of this is the greatest organization, the American Federation of Labor, with Samuel Gompers at its head. At the last census 2,100,000 men were affiliated with it and 800,000 with other organizations and they stand to battle for the rights of laboring men. Twelve years ago a bitter fight was waged for an eight hour day for men employed in government works and it won. As a leader of the minority I worked for the bill. We met men from Cramp's shipyards, the railroad companies and other bodies and they made their arguments and if all were printed in book form the line of volumes would reach twenty feet. When the lower house changed its political complexion the law was passed.

"In 1821 there was a proposition made in the lower house of the legislature to make Illinois a slave state. Those who voted to submit the proposition to the people thought slave labor would develop the state but the opponents worked hard and the measure was defeated by a majority of 18,000, and not long after it was hard to find a man who admitted he voted for it and so it was hard to find a man who admitted he voted against the eight hour day. Labor is exempt from anti-trust laws; occupational diseases are having attention; employers are paying more attention to them; safety devices have been demanded and much done to better the condition of labor. Improvement has been made in the matter of child labor. In some respects Massachusetts has the best laws; other states are coming into line in this regard.

"In Europe we see the awful results of war, ruined homes, widows and orphans; men killed and wounded; devastation everywhere; how different in our land where thousands of men are at work producing the blessings of life and the startling contrast may be carried in many ways. Along the Dardanelles cannon boom while here the busy hum of industry is heard; there men climb to victory over dead bodies, but here the victories of peace prevail.

"These awful conditions may have some good in them for the future. If the warring nations want to make peace they can follow the treaties we have with them and which were prepared and accomplished by a man who began his life work here, Wm. J. Bryan, and who did a grand work for humanity in that respect. If his career stops here the future will recognize the value of what he did.

War May Mean Peace.

"A few days ago another victory was scored in diplomacy by the man at the head of our government when it seemed as if we were about to break with a nation with whom we had been at peace. Now the freedom of the seas is established and the clouds are cleared from the skies and without the sacrifice of American lives. The red glow of war may mean the dawn of peace and let us hope that the result of this colossal conflict may be the disarmament of the nations of the world. The labor organizations are for peace because from their ranks must come the men who are to go to war.

"We meet today in this beautiful park made possible by the generosity of a distinguished citizen of Jacksonville to foster higher standards of living. Our flag stands for peace;

DRESS UP time is here. Why not look through and see if you are not in need of some new fall and winter clothing. This is going to be a great "dress up" season and you will want to look as neat as your neighbor. See if you are not in need of a nice noby suit and overcoat. Also extra trousers.

T. M. TOMLINSON

the treaty made with England 100 years ago regarding our northern border is a noble thing. Austria and Germany went to war on account of vital interest; France to protect the life of the nation; Italy to maintain her honor. If they can agree to a treaty they can follow those we have with them and thus our banner will be the emblem of peace between the 22 nations of our hemisphere and the 58 nations of the world.

Athletic Events.

The athletic events incident to the Labor day celebration at Nichols park were run off in good style. All of the contests were exciting and the nail driving contest for women was especially interesting. The events and winners follow:

50 yard dash, men—First, Len Bourn, shirt by T. M. Tomlinson; second, Len Williams, leather cigar case by Gilbert's pharmacy. 50 yard dash, boys—First, Orville DeFrate, baseball pad by Obermeyer and Son; no second. ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach trouble worse and his heart affected.

He took May's Wonderful Remedy. He got his appetite back and gained in strength right away. He wrote:

"I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I am getting stronger and can eat anything that comes along."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

TOPICS OF THE DAY DISCUSSED IN THE SEPTEMBER MAGAZINES

Keeping Abreast of the Times By Watching Current Periodicals—Some Significant Articles in Public Library Numbers.

Keeping abreast of the times does not mean assimilating the total content of many magazines. A running acquaintance with a dozen or more, a gleaming from each and selection of articles which stand forth by reason of timeliness or personal appeal—this is a method more satisfactory and effective. Some men in fact gain profit from little more than glancing through the latest numbers and catching thoughts from page to page.

On the public library magazine rack may be found a plenty of information and stimulus to thought with a minimum of time, expenditure and effort. A suggestive list of significant articles now in the reading room follows:

"Annals of the American Academy of Political and Social Science." The last number is entirely devoted to America's interests as affected by the European war.

Atlantic—In the September number appears "The Modest Immigrant," by Agnes Repplier. Miss Repplier writes from the point of view of the duty to our own country and thinks that we have rather overdone the sense of responsibility for foreigners who come to America. This article and "The Progress of Social Conscience" by William Jewett Tucker are both significant discussions.

Civnet Opinion—Three interesting short articles in the September Current Opinion are "Our Diplomatic Crash With England," "The Plight of Educated Women in Our Economic Life" and "Has the Idea of Ultimate Defeat Entered the German Mind?"

Forum—For September it contains "Music After the Great War" by Carl Van Vechten. He thinks that the new music will not come from England certainly not from America.

lea not from France nor from Germany, but from the land of the Steppes.

International Studio—The August number has American painting at the Panama-Pacific exposition by Christine Brinton and some fine illustrations as always.

Library Journal—The last number is devoted to music and its place in the library.

Educational Review—With the reopening of the schools "Entrance Examinations in Latin," Vocational Census of College Students" and "H. S. Student and the Dictionary," will again occupy a prominent place in the thought of many. These three topics are discussed in the September Educational Review.

Engineering Magazine—For August contains "Hints for American Exporters" with reasons why they should study the European field and some notes on the systematic methods employed by German experts.

National Geographic Magazine—In addition to an article and plates on game birds the August Geographic Magazine has "Nature's Transformation at Panama" by Gengo Shiras, with 36 illustrations and 2 colored maps.

North American Review—"See America First" by the editor, George Harvey, is not a descriptive article but a voice of patriotism urging this nation to "suit the action to the word" in the crisis with Germany.

Popular Science Monthly—The September magazine discusses "A Civic Investment." In this article Prof. Kolbe points out that the day of municipal universities will come as inevitably as the state university, and that cities are already beginning to realize the possibilities of practical higher education as a civic investment.

World's Work—In the September World's Work "Putting Character Into the Counties" is discussed by Walter A. Dyer. "Probably the most wasteful and inefficient and therefore almost certainly corrupt governmental organization in the United States is the county. In most cases there is little interest in county government and it runs along without the stimulus of public scrutiny; but the counties are beginning to wake up. Good roads, county health commissioners, county libraries are given as agencies in the awakening."

THE EDUCATION OF YOUNG WOMEN.

The woman's college makes a specialty of the education of young women and girls. It has an equipment of more than \$500,000, covering every line of study in which women are interested.

Do you wish to study music, voice, piano, organ, violin, public school music?

Do you wish to study cooking or sewing?

Do you wish to study art, drawing, painting, china painting, enamel and luster, etc.?

Do you wish to study expression, either in private or class lessons, including instruction in story telling, dramatics, etc.

Do you wish to take a regular college course, or an academy course, or a special course?

We have special classes for young children in music and cooking and sewing.

Do you wish to take any educational work, with first class instructors, and with happy and helpful surroundings?

Then call at the college or telephone Bell 102. Illinois 415.

The college opens Monday and Tuesday, Sept. 13 and 14.

POPULAR SUBSCRIPTION SOLICITED

All citizens or others wishing to contribute to the campaign fund for the city of Jacksonville to abandon the commission form of government and operate as a city under the general law, are requested to make their contributions to Anne T. Loar, rooms 3 and 9 Morrison block.

This money will be used for legitimate educational and campaign work and immediately after the election a statement of the total amount received and for what it was expended will be furnished to the Jacksonville Journal.

All citizens should have an equal interest in good and economical government and that a dollar's worth of service is rendered for the citizenry for every dollar of tax expended.

Let us protect the representative form of government that our forefathers with blood bought for us. We do not have it under the commission form of government in the city of Jacksonville. Help as a good citizen with cash as well as your vote. Contributions small or large will be appreciated. It's for the public good.—Advertisement.

CELEBRATE ANNIVERSARY OF THE MARNE

Paris, Sept. 6—Paris is today celebrating the first anniversary of the battle of the Marne, the great victory of the Allies which stemmed the tide of German invasion and defeated the Kaiser's aim to take Paris.

The battlefield is marked by many graves, with little white crosses over those of the French soldiers, and black crosses to mark the graves of the Germans who fell at the Marne.

It was on the morning of Sept. 6, 1914, that General Joffre, the commander in chief, addressed to the French troops the appeal to make their final stand. "No weakness can be tolerated" was the ultimatum that served to check the German drive.

LETTER CARRIERS IN CONVENTION

Omaha, Neb., Sept. 6—The twentieth convention of the National Association of Letter Carriers opened here today. Representatives of local organizations in the leading cities of the country are present. The convention will last all the week, with an important program of business.

Director Kritch will be glad to confer with students or parents about the courses in piano, violin, voice, theory, cello, public school music, etc. Call President Rammekamp's office, both phones, 454.

MICHIGAN STATE FAIR WEEK

Detroit, Mich., Sept. 6—The annual Michigan State Fair opened here today with the prospects of the greatest all-around fair ever held in this state. Many sporting events have been provided, and the exhibits are unusually interesting. One of the most unique is that of the convicts at Jackson, including burgles, wagons and cutlery made by the prisoners, also canned fruits and vegetables grown on the prison farm.

CARD OF THANKS.

We desire to thank the many friends who assisted us during the illness and after the death of our husband and father, also those who sent flowers.

Mrs. Jerry Spaenhowe and family.

WOMAN'S BEAUTY NO SECRET.

It all lies in the care she bestows upon herself and in keeping at bay those dread ills peculiar to her sex. The flashing eye, the elastic step and the clear complexion never accompany organic troubles. The distressed expression, lassitude, headaches and mental depression are only the tell-tale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, and restore their health to a normal condition.—Advertisement.

Vest Pocket Essays By GEORGE FITCH

Author of "At Good Old Siwash."

THE UNIVERSITY OF ILLINOIS

The University of Illinois is a striking illustration of what happens when an American state wakes up and begins to get interested in education.

Illinois had done so well with men like Lincoln who were educated by hand that it didn't think it worth while to spend any money on higher education until the twenties.

The University at that time was an industrial school, the first college in the country to give shop training. It pursued a feeble and neglected existence until the nineties and at every legislative session some honest farmer delegate rose up in his cowhide boots to move that the University be discontinued and the campus be devoted to the fattening of pigs.

Twenty-five years ago, however, the farmers suddenly discovered that their fields could be educated through the school of agriculture and from this minute the University of Illinois began to grow. At that time it had only a few hundred students and Illinois college teams abused its football players with impunity. Now it has 5,500 students

and has beaten all football teams as far east as they could be found out of hiding.

The University of Illinois is located in Champaign and Urbana on a vast campus made out of superfine corn land. This campus rises in places to an eminence of five feet. It has more flowers on it than any campus east of California. It has many vast buildings, some of which are fortunately hidden by its magnificent trees. It has the largest drill hall in the world and enough cadets to officer an army if necessary. It has a cattle-judging barn more handsome than some palaces, the ninth largest college library in the country, a lot of fraternity houses which make the city hotel look small and unimposing, one of the greatest engineering schools in the world and a presidential candidate in the shape of James R. Mann, an alumnus.

Illinois also has George Huff. He does not have a doctor's degree, but he is one of the most successful members of the faculty, having turned out as graduates from his baseball team about fifty big league players. Illinois has held the baseball championship of the collegiate universe for many years.

The state of Illinois gives its university \$2,500,000 to spend each year and has more farmers with college degrees than any other state in consequence.

THE POPULATION OF ARGENTINE CITIES.

New Census Just Completed Show Argentina Has 7,740,396 Inhabitants.

Statistics just published by the Argentine government show that the population of the republic, according to the census of 1914, was 7,740,396, says The South American for September. The population of the principal cities and towns is given as follows, although, except in the case of the largest three cities, the figures are for 1910:

Buenos Aires	1,560,163
Rosario	224,983
Cordoba	135,000

The republic is divided into fourteen provinces and ten national territories, the largest in area and population being the Province of Buenos Aires in which the city of the same name is situated. Faithful readers of history made English descriptions of the country, who may have obtained therefrom the idea that Argentina is composed exclusively of perfectly level prairies will, doubtless, be surprised to learn from this official document that 30 per cent. of the area of the nation is covered with forests.

MILLION DOLLARS HINGES ON IDENTITY

San Francisco, Sept. 6—The famous Keith will case, involving the million dollars left by John M. Keith, a wealthy oil man, will come up again in the Superior Court tomorrow.

Mrs. Louise Thompson, who claims to be the long-lost daughter of the oil man, will be given opportunity to prove her claim that Keith had a child and that she is that child.

Further information that Keith lost his daughter in a shipwreck of Alaska is furnished by Mrs. Anna L. Krause, who claims Keith sent her twice into the land of the Eskimos to hunt for the lost daughter. But, according to Mrs. Krause, her trips were very unsuccessful, although she remembers the description of the birthmark which was to identify the lost girl.

Her story substantiates in part the unusual story Mrs. Thompson of Los Angeles, who came forward at the closing hour of the will case with the claim that she was Keith's daughter, lost in the Arctic seas.

GIANTS TAKE TWO GAMES FROM BOSTON BRAVES

HUGHES WEAKENS IN FIFTH INNING OF MORNING GAME.

Tesreau Holds Boston to Two Singles in Afternoon—Game Is Full of Wrangles by Players of the Rival Teams.

New York, Sept. 6.—The World's champions received another setback when New York took the afternoon game, 4 to 0. Tesreau held Boston to two singles, one by Maranville in the second inning and the second in the eighth by Gowdy. A miff of an easy pop fly by Snodgrass, the former New York player, let in the first two Giant runs in the fourth inning.

The game was full of wrangles between the players of the rival teams. In the seventh inning before taking his position at first, Schmidt, of the visitors, walked over to the New York bench and started a wordy wrangle with Doyle. Umpires Byron and Easton had to hold the Boston player to prevent him from attacking Doyle.

New York also took the morning game by the score of 5 to 2. Hughes weakened for Boston after his team scored two runs on Stroud in the fifth. Scores:

EAGLES WON GAME FROM DIVERNON TEAM

Only Two Earned Runs Were Scored—Patrick, Old Time Favorite, Pitched for Locals.

The Eagles with Patrick on the mound, defeated Divernon Saturday by a score of 9 to 5. The game was loosely played on both sides, only one run being earned by each team. Errors were not so plentiful but they were nearly all costly. Patrick while he hasn't the stuff that he had when he was with Jacksonville in the Kitty and Central still has something on the ball and pitched a heady game. He struck out nine, walked one and hit one batter. Boyd pitched a good game for Divernon but the locals bunched their hits with the misplays and bases on balls.

There was some brilliant fielding in the game. Fred Stewart made two great running catches, one off D. Young in the second when he fell and turned a complete somersault and another off of P. Jones in the eighth which was headed for the corn field. Cap Denny and DeFrates also made sizzling assists while P. Jones robbed DeFrates of an extra base hit in the eighth by a shoe string catch. D. Young caught a great game for Divernon. Cannon being the only man to steal on him. On the other hand Divernon ran wild on Fulkerson who caught for the Eagles amassing a total of ten stolen bases.

Jacksonville made four runs in the second on singles by Riggs, DeFrates and Patrick, a base on balls to McCollister and errors by Turley and H. Young. Three runs came in the sixth on singles by Fulkerson, McCollister and Patrick, an error by O. Jones and a base on balls. A base on balls, a single by Wheeler and an error by H. Young added one in the seventh. Two singles and a stolen base brought the last one in the eighth.

Divernon scored her first run in the second on a base on balls a stolen base and a wild throw by DeFrates. Two singles and a stolen base put one over in the second. They tied up the score at 4 all in the fourth on two singles, two errors and an infield out. Their last run came in the eighth on two singles and two stolen bases. Score:

BURLINGTON WINS PENNANT IN CENTRAL BY A BIG MARGIN

Only Once During Season Had Burlington Been Displaced From the League Leadership.

Burlington, Sept. 6.—The Central association officially closed today with Burlington winning the pennant by a big margin. The locals lost the first to Cedar Rapids, 14 to 6, and tied the second in seven innings, 6 to 6, and ended the season with a percentage of .681. Only once during the season had Burlington been displaced from the league leadership. Muscatine assuming the honors at that time but the latter was unable to retain her position and men managed by Dick Rohn forged to the top four days later to hold their position until the end of the season.

The first game today was a farce, Cedar Rapids bunched 17 hits with 7 errors in the first two innings for 11 runs and the game. The second was called at the end of the seventh on account of darkness.

Burlington 6-6; Cedar Rapids 14-6
Keokuk 6-0; Waterloo 5-5.
Muscatine 6-6; Mason City 3-0.

EAGLES LOSE EXCITING TWELVE INNING GAME

MURRAYVILLE WINNERS BY THE SCORE OF 6 TO 5.

Game Full of Thrills From Start to Finish—White and Fanning Both Pitch Good Ball—Fielding of Stewart and Hitting of Clarke Feature.

One of the most exciting games ever played in Jacksonville was that between the Eagles and Murrayville at Nichols park Monday afternoon. Incidentally it was played before one of the largest crowds that has seen a baseball game since the old league days and the rooting on both sides was strenuous.

The game was filled with thrills and kept the spectators on their toes every minute of the contest. When Murrayville put over the winning run in the twelfth round everybody went home and while not happy because the home team lost, they felt that they had received several quarters worth.

The game was a pitchers' battle throughout between Fanning and White. Fanning had the best of it on strikeouts getting fifteen to eleven for White. White allowed eight hits and walked three men while Fanning as hit safely thirteen times, walked two and hit a batter. If the fielding had been perfect the score would have been 1 to 0 in favor of Jacksonville as they earned the only run of the game.

In the fielding Fred Stewart duplicated his feat of Sunday and made two wonderful catches. His first was off of Young in the fifth and his second was off of Ruble in the ninth. Vermillion also reached up and pulled down drive off of the bat of Clark in the ninth, getting ball going with it and running into the fence in right. Hap De Frates grabbed a sizzler off of Clark in the seventh and pegged him out at first. McCollister at first grabbed a lot of wide ones and saved several errors for the infield. Doyle caught a fine game for Murrayville while Clark was the hitting star of the team. Christopher and Young led at the bat for Jacksonville.

How the Runs Were Made.
The Eagles scored the first run in the third. White was first up and singled and went to second on a passed ball and scored on Denny's double. Murrayville tied the score in her half of the fourth on Vermillion's miff of Ruble's fly, Clark's single a base on balls to C. Fanning and a wild pitch.

Murrayville took the lead in the fifth when they scored three runs. Fred Stewart made a great catch off of Young who was first up. C. J. Wright was safe on Denny's error. W. E. Wright hit o Denny and C. J. Wright was out at second, Denny to Wheeler. A passed ball put W. E. Wright on second. I. Fanning walked and scored on a wild pitch. Ruble singled, sending I. Fanning to third, and he scored on Wheeler's error. Ruble took second on the throw in and scored on Clark's double.

Murrayville added one in her half of the sixth round on Young's single errors by McCollister and Wheeler and a fielders' choice. The Eagles got three in their half of the sixth round. D. Young was first up and was safe on W. E. Wright's error. Vermillion doubled to left and Young scored. Christopher fled to Ruble. McCollister was safe on W. E. Wright's error and Vermillion took third and scored on a passed ball. McCollister stole second and scored on I. Fanning's error.

The Eagles tied the score in the seventh, Stewart beat out a bunt and scored on D. Young's second double.

After that there was no more scoring until the twelfth though each team got men as far as third. In the twelfth I. Fanning singled. Ruble hit to Wheeler. Wheeler was too anxious to make a double play and let the ball get away from him and both runners were safe. C. Fanning then won his own game with a single to center. The score:

"Gets-It" for Corns, SURE as Sunrise!

Any Corn, With "Gets-It" on It, Is an Absolute "Goner!"

Yes, it's the simplest thing in the world to get rid of a corn—when you use "Gets-It," the world's greatest corn-killer. Really, it's almost a pleasure to have corns just to see them come off with "Gets-It." It just loosens the corn from the true flesh, easily, and then makes it come "clean off." 48 hours ends corns for keeps. It makes the use of tape, corn-soothing bandages, irritating salves, knives, scissors and razors really look ridiculous. Get rid of those corns quickly, surely, painlessly—just easily—with "Gets-It." For warts and bunions, too, it's the simplest thing in the world.

"Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Jacksonville and recommended as the world's best corn cure—by Armstrong's Drug Store—J. A. Obermeyer.

This is the Stove Polish YOU Should Use

It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers. All we ask is a trial. Use on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—use quality.

Black Silk Stove Polish Works
Sterling, Illinois

Use Black Silk Air-Drying Iron Enamel on grates, registers, stove-pipes—Prevents rusting. Use Black Silk Metal Polish for silver, nickel or brass. It has no equal for use on automobiles.

FOREIGN CORRESPONDENCE
(By The Associated Press.)

Paris, Sept.—Absinth is dying
hard in France. Artificial drinks
resembling it in color and flavor
are obtainable in spite of the vigil-
ance of the authorities, and it is ev-
en asserted that stocks of the real
beverage on hand at the date of the
prohibition, and paid for by the
government, are finding their way
to the consumer. Numerous new
decoctions have also been put on the
market to replace it. The traffic is
encouraged by an unlooked for
resistance to anti-alcoholic legis-
lation in parliament.

The wineshop plays in French
politics a role similar to that of the
American saloon, hence the reluctance
of the deputies to follow the
military authorities in the radical
measures they have taken and to
support the government in proposed
legislation forbidding the sale of any
drink testing over 15 degrees of al-
cohol. The first open resistance was
in the form of an appeal to the State
Council from the orders of military
commanders, prohibiting the sale of
intoxicating drinks in their regions.
They declared it was not in confor-
mity with the laws of 1849 governing
the working of martial law. The
State Council upheld the orders of
the military commanders.

The next step originated in the
parliament itself, in the proposed
limitation of martial law to the zone
of operations of the armies. Pres-
sure was brought to bear upon the
press and upon parliament by the
National Union of Wholesale and Re-
tail Wine and Liquor dealers, who
threatened to withdraw advertise-
ments from the newspapers, and pol-
itical support from the deputies un-
less the anti-liquor campaign were
stopped. The big distillers further
complicated the situation by draw-
ing the private distillers in. The
private distillers in some depart-
ments exert the same influence up-
on politicians as the city wineshops.
Their interests are not the same as
those of the professional distillers,
but the menaces to their privilege
have obliged them to join hands
with resisting elements.

PETER SCOTT WINS CHARTER OAK STAKE

MURPHY'S STALLION TAKES
EVENT IN STRAIGHT HEATS

Laramie Captures the 2:18 Trot in
Straight Heats and Queen Abbess,
Piloted by Cox, Takes 2:08 Pace.

Hartford, Conn., Sept. 6.—The 30th renewal of the Charter Oak stakes, the feature of the Grand circuit meeting here each year this time for 2:08 trotters and a purse of \$5,000 one-half the amount of previous years, was the latest race in the history of this classic of the trotting turf. Peter Scott, Murphy's bay stallion, was an easy first in straight heats, having no contenders in the small field of four horses that started the race.

Of twelve horses eligible, eight were scratched, among them Lee A. worthy, which has been in poor shape since last week's race at the New York meeting.

Geers drove Bonnington and his ability to keep the horse in its stride in the first two heats caused Murphy to go after the final heat in the fastest time of the race, 2:07 1/2, which ended in a break by Bonnington that cost it an opportunity for second money.

Summaries.
2:08 pace; best three in five; purse \$1,000.
Queen Abbess (Cox) 2 1 1 1
John R. Hall (Crozier) 4 2 2 2
Ben Laconda (Murphy) 3 3 3 3

Newark 000 000 000—0 3 1
Falkenberg and Land; eSaton and Rariden.

Chicago, 5-2; St. Louis, 4-2.
St. Louis, Sept. 6.—Willett Groom and Crandall stars of the St. Louis Federals pitching staff failed to hold Chicago in the first inning of the first game of a double header here today, and the visitors scored three runs, a lead which the home team could not overcome. By spectacular play-

ing, however, St. Louis tied the score in the eighth but in the eleventh Mann went around the bases on singles and score dthe winning run on Doolan's bunt. Chicago won this game 5 to 4. The second game was called on account of rain at the end of the fifth inning while the score stood 2 to 2.

Scores: R. H. E.
Chicago 300 100 000 01—5 9 0
St. Louis 100 000 210 00—4 12 3

WAS IN ANDERSONVILLE.
Mrs. S. C. Bentley and her three children were visitors in the city Monday and departed for their home in Bowling Green, Mo., after having visited at the home of Mrs. Bentley's father, J. A. Cochran in Decatur.

For several years Mr. Cochran was an employee at the state capitol building and among his duties was the raising and lowering of the flag on top of the building. Mr. Cochran was a soldier in the Civil war and was for some months a prisoner in Andersonville prison.

James Frazier, who has been visiting his sister, Mrs. Julia Odaffer on Ashland avenue, left Monday for his home in Cedar City, Mo. Mr. Odaffer was a resident of this city previous to going to Missouri sixteen years ago to reside.

Mrs. T. S. Patterson of 714 Hardin avenue is at home from White Hall, where she spent several days at the home of her mother.

Mr. and Mrs. F. J. Brown departed Monday for their home in Denver, Colo., after a visit with Mr. and Mrs. W. A. McCarty of 740 East Chambers street.

SCHOOL FOR BLIND
TO OPEN WEDNESDAY
The School for the Blind will begin their usual school term tomorrow morning. The pupils will arrive from their homes all over the state today and will come from all directions on the various trains entering the city. The delegations from Chicago and the stations between that city and Jacksonville will come on a train of two passenger and a baggage car as far as Bloomington and will be run from that city as a special.

They will be accompanied by Leo Flood and Miss Catherine Halpin of the faculty of the school, who went to Chicago for that purpose. All trains arriving in the city today and tomorrow will be met by someone from the institution.

AUTOMOBILE ACCIDENT.
Sunday morning as Dr. Stokes of southwest Missouri and Raymond Swift of Alton, were riding in Dr. Stokes' Ford car they were going at a rapid rate on the road leading out of Woodson and about two miles north of the place they attempted to turn a sharp corner by the little school house when the car ran violently into the bank throwing Swift out and stunning him and inflicting some painful wounds.

Dr. R. R. Jones of Woodson was summoned and with his car brought the injured man to the city and put him in care of Dr. Weirich who took him to Cur Savior's hospital. He seemed not to be dangerously injured but was badly shaken up and bruised. The car wasn't put out of commission entirely.

NEW FOOT-AND-MOUTH QUARANTINE.

Additional Townships Closed in Illinois to Prevent Spread of Contagion.

Washington, D. C., Sept. 6.—Additional territory in Illinois is quarantined for the foot-and-mouth disease by an order effective September 3rd. This action was taken by the Federal authorities because of the discovery of an infected herd close to the line between Lee and Bureau Counties, a part of the latter county being already under quarantine. The territory closed by the new order includes the townships of Ohio, Lamolite and Clarion in Bureau County, and the townships of East Grove, May and Sublette in Lee County.

In addition to the Federal quarantine, stringent regulations isolating the infected farms are being enforced by the State and local authorities in the counties where the pestilence made its appearance again early in August. Exposed herds have been slaughtered as rapidly as the necessary labor could be procured and the roads leading from infected premises closed until the work of disinfection has been completed. The fact that this is the threshing season has increased the inconvenience caused by these measures but the necessity of prompt and vigorous action has in general been recognized by farmers as well as officials. Up to the present the measures adopted have been successful in confining the contagion to the sections in which it first appeared.

James Frazier, who has been visiting his sister, Mrs. Julia Odaffer on Ashland avenue, left Monday for his home in Cedar City, Mo. Mr. Odaffer was a resident of this city previous to going to Missouri sixteen years ago to reside.

Mrs. T. S. Patterson of 714 Hardin avenue is at home from White Hall, where she spent several days at the home of her mother.

Mr. and Mrs. F. J. Brown departed Monday for their home in Denver, Colo., after a visit with Mr. and Mrs. W. A. McCarty of 740 East Chambers street.

SKIDDED INTO MUD HOLE.
Clarence DePew and party, en route to Springfield in a Cadillac car, skidded east of the city Monday morning and went into a mud hole. The accident occurred about fifty feet from the end of the oiled road. The car went into a mud hole that has formed there from poor drainage and the car in skidding broke off several small trees. No damage was done to the car aside from the berding of the tire rod in front of the axle.

When the car went into the mud hole, Mr. DePew summoned help from the nearby farm houses and two automobiles and two teams were hitched to the car in an effort to pull it out. The effort was unsuccessful and Mr. DePew telephoned to Dave Estaque. Mr. Estaque went out and put on two one ton chain blocks and put the car on solid ground and made what repairs were necessary. The party then continued their journey to Springfield.

MET AND ADJOURNED.
The city council met Monday morning and adjourned on account of Labor day until 10 o'clock Tuesday morning. The board of education also postponed the session scheduled for Monday night.

Joseph Bentor, of Chicago, was spending Labor day in the city.

Cool in summer—warm in winter

The General Says:
Neither the hot winds of summer nor the cold blast of winter can penetrate our roofing or wall board. Covered with wood shingles, slate, or tile, need no more layers of our insulating materials under them to keep the building cool in summer and warm in winter.

The use of wall board as an improvement over lath and plaster is becoming universal. It is a non-conductor of heat, it saves fuel in cold weather and keeps out the hot winds of the summer. The great service and very low cost of our materials have led to enormous use everywhere.

WAYS TO SERVE MELONS

There are many good ways to serve watermelon, but first use your best endeavor to get a first-class article. Good melons are the acme of delicious eating and it is such a damper to one's pleasure to find you have an inferior one.

Weight is the first test to consider, the heavier the melon the better, for this indicates it is full of juices; the ripeness of the melon is told by the color; if it is the striped variety the white lines should be really white, not light green. Thumping a melon should make a hollow sound, but if green, the thump will be deadened. If the dealer will let you, press the melon together from the sides and listen for a crisp giving in of the ripened flesh.

The best test is to cut the melon, or "plug" it and sample it, but unless you intend to use it at once, this method admits air to the inner flesh and spoils the fresh flavor. Of course the plug can be re-inserted and sometimes melted paraffin is poured over to keep out the air. When a melon is cut and only half used, the remaining half should be covered with oiled paper and placed next to the ice.

Where one has not a large refrigerator how to chill a melon is a problem. If it is laid on the ground over night, the dew and cool air will do wonders and in the early morning it should be wrapped in a wet blanket and then in a dry one, and kept in a cool spot until cut.

The beautiful scarlet flesh does not need any artificial aid to loveliness, but if the melon is cut lengthwise and the fruit cut out in cones and served on individual glass plates with powdered sugar sprinkled over it, you will be following the latest mode.

Another fancy is to slice the melons and stamp the flesh out in rounds with a biscuit cutter. The rounds are arranged on a large fruit platter with some fresh green leaves for a garnish.

High stem dishes are especially suited for pears, peaches, apples and similar fruits that take a high polish or are ornamental. Basket shapes of glass and of silverware are being used for fruit service and a standard of silver holding a wicker fruit tray is one of the handsome novelties of the season.

Fruit luncheons are fashionable fads just now; the centerpiece at such an affair is a showy display of gleaming apples, flanked by peaches and apricots garnished with their own leaves. Bowls of red and purple plums and green gages give contrasting colors and grape juice, fruit punch and fruit salad and canteen-loups with ice-cream help out the menu, which might be:

Cucumbers Shoe-String Potatoes
Creamed Mushrooms

CORNERSTONE LAID SUNDAY FOR NEW BERLIN CATHOLIC SCHOOL

School of the Sacred Heart of Mary Will Occupy Modern Brick Structure of Two Stories—Many Attend Dedication Exercises.

Between seven hundred and a thousand people attended the cornerstone laying of the new Catholic school building Sunday in New Berlin. The dedication exercises occupied most of the afternoon and for all who so desired, dinner and supper was served by the ladies of the congregation. Very Rev. Monsignor Hickey of Springfield offered opening prayers and Father Leopold of Quincy followed with an address. Ex-Congressman Graham of Springfield spoke and Father Krekenberg of Springfield gave a talk in German. Christian education was the theme of all three speakers.

The School of the Sacred Heart of Mary will occupy a \$10,000 edifice. There will be four school rooms two on each floor, and equipment modern in every respect. Rev. Father William Weigand, priest of the parish, will be principal and four Dominican sisters will constitute the teaching force.

In the cornerstone were placed copies of the New Berlin Tribune, Springfield State Register and Springfield Journal, together with a list of names including the pope, the bishop of the Alton diocese, the priest of the parish, the president of the United States and the governor of Illinois.

The visiting priests in attendance were Very Rev. Monsignor Hickey, Rev. Father Krekenberg, Springfield; Rev. Father Smith of Franklin; Rev. Father McDonald of Carlinville; Rev. Father Leopold, O. F. M., of Quincy, and Rev. Father Lucius of Alexander.

MORTUARY

Long.

Mrs. Walter H. Long died at the family residence near Liberty Sunday at 10:30 p.m. She had been an invalid for several months, death resulting from a complication of diseases.

Pearl Louise Willet, daughter of Taylor and Mary Ratcliff Willett, was born near Prentice, Ill., May 28, 1883. Her early life was passed in the family home and neighborhood. She was married Nov. 18, 1903, to Walter H. Long, of Liberty. To this union were born five children: Helen, Myron, Raymond, Harold and Gerald, all of whom, with the husband, survive her. She is also survived by the following brothers and sisters: John Willet, of this city; William Willet, of Springfield; Mrs. Annie Ratcliff and Mrs. Nellie Hiles, both of Virginia; Mrs. Loly Cowell, of Springfield, and Mrs. Beulah Patterson, of Denora, Pa.

Besides these a host of friends and relatives mourn her loss, and grieve with the bereaved husband and little ones.

The funeral services will be held at the family home, Wednesday, Sept. 8, at 10 o'clock. Burial will be made in Jacksonville cemetery.

Vasconcellos.
Joaquin Vasconcellos, for many years a resident of Jacksonville, was found dead in his room at the home of his daughter, Mrs. George W. Foster, 2044 North Keystone avenue, Chicago, Sunday morning at 2 o'clock. Mr. Vasconcellos was asphyxiated by gas and one gas jet was open. He had been in ill health. The deceased was born June 10, 1848, and until October of last year, resided in Jacksonville. He was married in the fall of 1868 to Mary DeCastro, who died in April, 1881. Mr. Vasconcellos was married a second time to Sophia Balliet in 1885 and she died in July, 1911. The deceased is survived by two sisters, four brothers and the following children: Mrs. George W. Foster, Edith, Faye, Pauline, Emma and Ida Vasconcellos, all of Chicago; and Harvey Vasconcellos, of this city. He was a member of Northminster church.

Funeral services were held in Chicago Monday afternoon and the remains will arrive in this city this afternoon at 5:15 o'clock via the Wabash. The body will be taken direct to the cemetery, and brief services will be held at the grave.

Jensen.
Mathias A. Jensen, an old and well known resident of Jacksonville died at his home, 1005 Doolin avenue Monday evening at 8:45 o'clock. Mr. Jensen had been ill for two months and his condition has been serious for the past two weeks.

Mr. Jensen was born in Denmark, August 13, 1841 and came to this country about 1860. He came to Jacksonville in 1868. He was married in Washington, D. C., December 16, 1866, to Laura A. Brown. He is survived by his wife and four children, Charles, Albert H., and Miss Rose Jensen of this city and Frank M. Jensen of Peoria.

During most of his residence in this city Mr. Jensen followed the business of retail grocer and for many years he operated a store on North Main street. Though in this country only a year before the outbreak of the civil war he enlisted and served with the union forces during that conflict. He was a member of the G. A. R. and of State Street Presbyterian church. He was a man noted for integrity, upright dealing and his death is a distinct loss to the community.

The funeral will be held from State Street Presbyterian church Wednesday at 2:30 o'clock and interment will be in Diamond Grove cemetery.

Devine.
Word was received in the city Monday of the death of Mrs. Kate Devine, at Miami, Fla. No particulars were given. The remains will be brought here and will arrive probably Friday.

George L. Nellis, a former resident of Jacksonville, died in a Kansas City hospital last Saturday evening, according to the Kansas City Star of Sunday morning. Mr. Nellis was out walking when he suffered an apoplectic stroke. He stepped into the C. & A. junction station, where he was found unable to speak and he died a short time after being taken to the hospital.

Mr. Nellis left Jacksonville in 1886 and went to Parsons, Kan. He went thence to Kansas City, where for a number of years he has been superintendent of the Washington Park Cemetery Co. During his residence of three or four years in Jacksonville he engaged in the leather and harness business in the firm of Bronson, Mathers & Nellis located where the Peacock Inn now is. Mr. Nellis is survived by his wife, formerly Miss Mary Spates, a daughter of Preston Spates, and one son, Laver Nellis, secretary of the Kemper Elevator Co., of Kansas City.

WOMAN'S CLUB PLANS WORK.

Tentative plans for the year ensuing were discussed at a meeting of the executive board of the Jacksonville Woman's club Monday afternoon at the public library. Arrangements were made for the club luncheon, Saturday, Oct. 9. With regard to the Anti-Tuberculosis society, it was voted to continue the same policy of help and support which has in the past prevailed. Thirteen new members were received into the club.

Ralph H. Linkins has for several years been a guest of his sister, Mrs. Edward Bowe. Mr. Linkins will continue work this winter on his doctor's degree in biological science, a project upon which he has already made much progress.

REMOVE ALLEGED MURDERER TO BALTIMORE TO ESCAPE MOB

CAMBRIDGE, Md., Sept. 6.—Frank Grano, accused of murdering three persons near Snow Hill was brought here early today and placed aboard the steamer Governor Thomas bound for Baltimore to escape mob vengeance.

Shortly after midnight 125 men from Snow Hill arrived at the Salisbury jail where Grano had spent a few hours after having been removed from the Snow Hill jail yesterday afternoon. One of the party had a coil of rope. Jail officials showed a committee through the jail to convince the crowd that the prisoner was not there.

BRYAN AND DUNNE PAY TRIBUTES TO THE LATE GOVERNOR ALTGELD

Speak at the Unveiling of \$25,000 Monument in Chicago.

Chicago, Sept. 6.—At the unveiling of a \$25,000 monument to the late Governor Altgeld, tributes to the man who pardoned the anarchists, were paid by W. J. Bryan, Governor Dunne and others.

"It is especially fitting that this statue to this man should be unveiled on this day for he was a true supporter of labor," said Mr. Bryan. "Labor Day above all others days is the one which should have been, and which was, chosen for this occasion. Although not of the laboring classes Altgeld was broad enough to recognize in labor a great percentage of the people and the great power which it could control. He set himself up as a friend of labor and until his dying day fought for its cause."

"On this statue there is no mark to indicate that John P. Altgeld ever held an office. But it is perhaps well for he needs no mark to distinguish him as would be the case if the statue of many others were raised here. Everyone who looks upon his face here will remember the great work he has done and especially the services he gave to the great state of Illinois."

SEVEN THOUSAND COUPLES DANCE ON RESERVOIR FLOOR

Cincinnati, O., Sept. 6.—Seven thousand couples danced on the floor of the city reservoir at Eden park today during the celebration of Cincinnati's first municipal picnic.

According to the officials the floor of the reservoir, which had been drained of water and waxed was the largest dancing floor in the world and could have easily accommodated 28,000 persons.

Fully 40,000 people gathered on the sides of the big basin to watch the dancers.

SEARCH FOR RAIDERS.

No. 10, Ariz., Sept. 6.—A detail of the Tenth cavalry hurried today to the International boundary line nine miles east of here in search of a band of Mexican raiders who attacked Jim Hathaway and an American boy on the American side of the border. It was reported here that the boy had been killed and that Hathaway's horse was shot from under him. It was reported Hathaway escaped.

LETTER CARRIERS MEET.

Omaha, Neb., Sept. 6.—The twentieth convention of the National Association of Letter Carriers was opened formally today in the municipal auditorium. The meetings will continue during the week. Many questions of interest to the public as well as to the members of the association are to be considered. These include pensions, Sunday and holiday deliveries and the regulation of salaries.

TO HELP END SYSTEM.

San Francisco, Sept. 6.—Representative Julius Kahn, of California, speaking today at the opening session of the national federation of postoffice clerks told the delegates that he would do all in his power to put an end to the system of increasing the salaries of "higher ups" in the postal service at the expense of the rank and file.

CHAUTAUQUA ASSOCIATION HAS NEW DIRECTORS

Business Meeting of Stockholders Held Monday Night—Financial Report Soon Ready.

Stockholders of the Jacksonville Chautauqua Association held a meeting at the court house Monday night. Dr. C. E. Black presided and A. C. Rice was the secretary. The minutes of the last meeting were read and approved and Mr. Rice stated that on account of some matters still to be considered by the directors that he was unable to make a financial statement. It is his expectation, however, to have this ready within a few days, when a meeting of the directors will be held. It is known as previously stated that the Chautauqua this year paid all expenses and considerably more than half of the deficit of \$700 which was carried over from last year. The receipts from season tickets this year was \$3900, and about \$1200 was taken in in single admission fees at the gate.

The terms of Dr. J. R. Harker, J. W. Merrigan, and A. C. Rice have expired and the stockholders chose them as their own successors. Resignations were read from Dr. C. E. Black, Dr. C. H. Rammelkamp and Dr. Josephine Milligan. It was only after considerable discussion of the matter that the resignation of Dr. Black, who has served so efficiently as director and president of the association, was accepted. Dr. Black stated that he was reluctant to give up the work but that other demands were so pressing that he felt it justice to himself that he could not give the time to the Chautauqua which the position of director demands. Thomas Worthington, J. E. Osborne and Mrs. U. G. Woodman were elected directors to succeed members of the board who resigned. The other members of the board are Bernard Gause, F. J. Heintz, and C. R. Knollenberg.

Bernard Gause is vice president, and after Dr. Black's resignation had been accepted he spoke of the exceptional public spirit which Dr. Black has for many years manifested and of his willingness to engage in a variety of good works for the public good. He believed that a committee should be named to frame some fitting memorial in recognition of Dr. Black's work and appointed on this committee H. J. Rodgers, J. W. Merrigan, F. J. Heintz, C. R. Knollenberg and J. W. Walton. He appointed F. J. Heintz, A. C. Rice and C. R. Knollenberg a committee on resolutions with reference to the resignation of the other directors.

The meeting was then adjourned with the understanding that directors will hold a meeting at an early date for organization and for the consideration of plans for next year.

Held Long Conference. Following the meeting of the stockholders of the Chautauqua association Monday night the directors had a long conference. They were engaged until 12:30 o'clock this morning listening to facts about attractions offered by three bureaus. Representatives of the following were present: Dunbar Chautauqua bureau, the Coit-Albers and the Chautauqua Managers' association.

Lolagene, the five year old little daughter of Mr. and Mrs. John R. Phillips, of West College avenue, is making satisfactory progress toward health after a sick spell.

Mrs. J. C. McGinnis is reported quite ill at her home, 876 Routt street.

Mrs. William Wyatt of White Hall who was a patient at Passavant hospital and has been at home, made a brief call at the hospital Monday for a treatment for her ailment.

Mrs. J. P. Huff is reported quite ill at her home, 515 Sandusky street. A. F. Grassly, 857 South Clay avenue, who has been at Passavant hospital, has been removed to Our Savior's hospital.

Miss Florence Knust has returned to her home in Murrayville after undergoing operation for adenoid.

Mrs. C. E. Waters and baby daughter have gone to their home in Murrayville after a stay at Our Savior's hospital.

WILL MARRY SPRINGFIELD GIRL. Mr. and Mrs. Harry W. Snape, of Springfield, announce the approaching marriage of their daughter, Ella Roberta, to Wellington Birther Huffaker, of New Berlin. The ceremony will be held in First Congregational church at Springfield Wednesday morning, Sept. 15, at 11 o'clock. The groom is a son of George Huffaker, of New Berlin.

UNITY MISSIONARY SOCIETY. The missionary society of Unity Presbyterian church will meet Thursday afternoon at 2:30 o'clock at the home of Mrs. John Blimling, of Woodson.

ATTELL KNOCKS CALLAHAN OUT. Gloversville, N. Y., Sept. 6.—The match between AtteLL, former feather-weight champion and Tommy Houck was called off today. AtteLL refusing to go on with a heavier man, Frankie Callahan of Brooklyn was substituted and AtteLL knocked him out in the third round.

DRESS UP THE BOYS

The school and college lads will have inspired confidence and be more ambitious in their studies if they dress up.

MORE GOOD REASONS WHY

WHY? Because Company is coming! Dress Up! Because these are "piping times of Prosperity" with us. Dress Up! Two billions of gold in the banks suffocating to get out into many times this amount of credits to buy things!

Billions of bushels of corn, wheat and other crops ripening into more dollars, which will be spent to dress up!

What is the big asset of this country, anyway? One Hundred Millions of People Unafraid, who can afford to Dress Up! Every American is a Sovereign! Dress up and prove it. You are a sovereign whether you believe it or not. Take that cash you have hid in a "stocking" and dress up! "Start Something!" Dress up, and soon every neighbor on your block will follow suit. Talk it to everybody! Be a leader! The most remarkable thing in the world is the Law of Suggestion.

Stop on a crowded street, look up at the sky and instantly everybody in sight looks up. Dress Up! Whistle a cheerful tune and everybody within hearing distance will hum it! Let everybody dress up. Talk it to everybody else until we all get the habit. Dressing is a fine habit!

Five fine young men, merchants of New York City, started to walk to the Catskills. When night overtook them, they applied at a boarding-house for lodging. They were dirty, unkempt, tired, and tramps to all appearances.

At this house there were a dozen fine girl boarders spending their vacation.

As the "merchants" had no "change" of clothing, they couldn't be introduced. One, however, had the foresight to carry in his "kit" a new shirt, collar and scarf. He was introduced "dressed up". He had "the time of his life", while the others sulked outside.

"Right Dress", says the Captain as the reviewing Major marches down the line. The regiment straightens out and up, like a plumb line. That is the test! Dress up!

The "safety razor" has coined millions because it helps men dress up. "Phoebe Snow" is loved by all because she is a sweet girl all dressed up.

Don't be a "sloven". Dress Up! The wife who meets her husband neatly dressed, holds him safe. Dress Up!

The "drummer" who is untidy in habit may as well stay at home. It is the "dressed up" store that wins the trade.

It is the best-dressed shop window that creates DESIRE and draws the customer in.

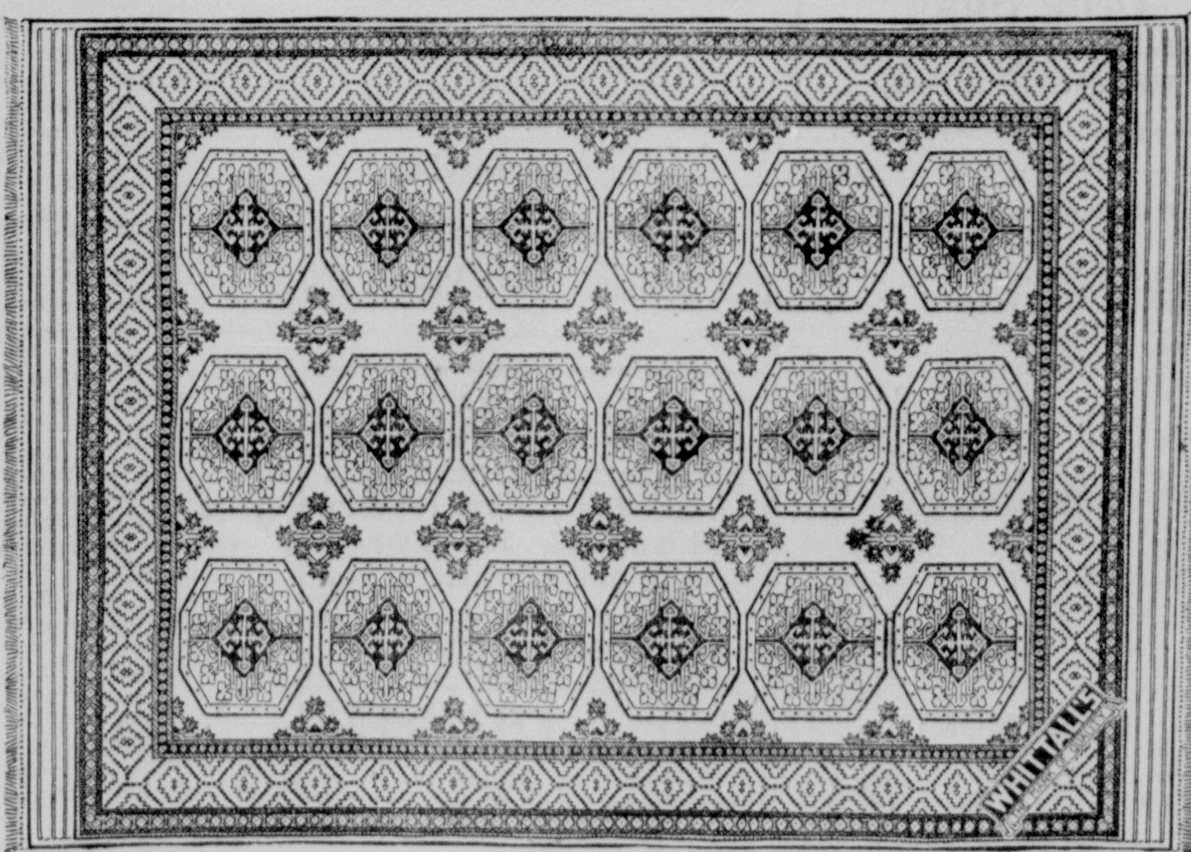

Nature is ever proclaiming the Truth to man, "Dress Up!" She is ever Dressing Up! In the morning the East is rosy with the Dawn. At "high noon" cool shadows invite men in the quiet caress of their charm. At evening Day passes into the twilight and to rest. Dress Up!

Let us with great enthusiasm Dress Up NOW!

WHITTALL RUGS

The "Quality" Rugs

PRICE counts when buying a rug. But other things count, some of them far more than price. Quality is one of these things. And Whittall quality counts for most of all. The Whittall Mills placed quality first. That means quality of yarn, of design, of workmanship. The three stand together. They did well to take such a stand. It put Whittall Rugs right at the top. Today they are known as the one sort of Rugs that can always be counted upon to be right in quality. And more Whittall Rugs are sold today than ever before.

Whittall Rugs are special value at regular price. They always sell at that regular price. Folks who know quality pay the price; they know they get full hundred cents' worth for every dollar they pay. 'Tis this sort of merchandise we like to sell. That's why Whittall Rugs are leaders here. More weaves than one, of course. More qualities than one, too. But always "Whittall" means best quality that can be sold at the price. New assortment of all qualities in stock.
